

Welcome to Spring...

Cleaning

*Are your
computers
running slow?*

*They could use a
cleaning too!*

Enter the "SPRING CLEAN" Program today

COMPLETE SYSTEM TUNE-UP

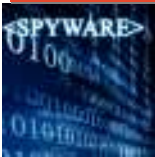

*Just like your car,
your computer needs
a tune-up on a
regular basis.*

Your computer has been working hard for you and it deserves a break. While you are enjoying the spring weather, our trained technicians will perform a series of services on your

*Don't let your
computer
look like this!*

VIRUS AND SPYWARE REMOVAL

*Viruses and Spyware
are capable of
destroying data and
critical system files.*

Over time, most computers become progressively slower, less effective and unreliable. Because this slow down typically occurs gradually, you may not notice the loss of performance. For optimal performance your computer needs a tune-up on a regular basis. The Spring Clean program is designed to improve the overall performance of your computer.

**Schedule your
appointment
TODAY!**

ONLY \$129+tax
Offer valid through May 2010
